

## OVERVIEW OF SHACK 58

### **Shack 58 & 59, Gili Meno, Lombok, Indonesia**

This has to be **The** most fantastic ideal **getaway cottage** anywhere, situated on the remote island of **Gili Meno, NW Lombok, Indonesia**.

The island of **Gili Meno** is still relatively unspoilt and therefore is a great escape for honeymooners or visitors who just want to totally get away from it all. The island is only about 1km X 2km with no motorised transport - so NO cars, No motorbikes, No worries. So the mode is you walk, use a bicycle or jump in a passing horse and cart.

**Gili Meno** island is about total relaxation and the simple things in life, and with the most friendly of local communities you will ever meet, this is sure to guarantee this as a unique getaway opportunity.

So if you are searching for peace and quiet - where time quite literally stands still - you will know you have found paradise after your stay at **Shack58 / Shack 59** on **Gili Meno, Lombok**.

### **Accommodation -**

#### **SHACK 58**

Price is **EURO 65** per night including breakfast but subject to plus 21% government tax and service charge.

#### **Bedrooms / Bathrooms**

*Shack 58* has 1 *A/c bedroom* with kingsize bed and daybed, 1 bathroom with toilet, hand basin and shower under a wooden thatched roof.

#### **Living Areas**

**1 large outside barugas, 8m X 6.5m with day beds and tables and another 2m X 2m baruga on the beach at the waters edge.**

#### **Kitchen / Dining Facilities**

Breakfast is included by Hengkie and Nirah the live in staff, they will also be happy to cook for you lunch and dinner off a small menu, they will also arrange a fresh fish BBQ with 1 days notice. There are also a few local restaurants nearby.

#### **Outside Areas**

This unique getaway cottage is all about outside living and being on the beach, with BBQ facility as well, the boys will cook you the freshest seafood you can imagine.

#### **SHACK 59 -**

**Located** just behind **Shack 58**, and 100metres back from the beach, is the new accommodations of **Shack 59**, based on the same outdoor living theme.

**Shack 59** - Our "**shack at the back**" is on a separate property and is about 100 meters from the ocean. Currently as there is little development here are no roads between the two properties and Shack 59 is a quick walk along a pathway to the front property. **Shack 59** has use of the 4 x 4 gazebo directly on the beach which is perfect for enjoying relaxing on the beachfront in the shade. **Shack 59** is a small one roomed cottage with a large king size bed, daybed and table. There is Air Conditioning and ceiling fans. There is a bar fridge and in room safety box, also a TV for watching DVDs from the library – but there is no television reception at the

property.

**Facilities -**

The outside bathroom is made with both fresh and well water showers.

The patio area has benches looking out across the property

Our kitchen offers a simple menu of local dishes, a basic Indonesian breakfast is included in the room rate.

**Price is EURO 45** per night including breakfast but subject to plus 21% government tax and service charge.

**Location -**

Situated on the north east side of **Gili Meno** and just a few kilometres from the *Lombok* mainland.

If you take a look at our map [\[click here\]](#) we are next to Maya cafe no 38.

**How to get here -**

For more information we recommend Island Promotions - [www.gili-paradise.com](http://www.gili-paradise.com)

**Information**

The **Gili islands** are superb for *Scuba Diving* and *Snorkelling*. There are 7 **PADI** dive centers operating on the 3 islands. **Shack58** and **Shack 59** also has a housekeeper who is always at hand to help make your stay as relaxed as possible.

**Electricity and water -**

The main bathroom is set up with two water systems - one fresh water and one with well water. All water is bought to the property by small fishing boat from **Lombok** - in the unlikely event the water cannot timeously be delivered the guest will need to use the well water. The delays can be due to the tides being too low and the delivery boat not being able to get over the reef or the seas being too rough. Please water is to be used sparingly!

Electricity has only been on the island for the last 4 years ! There is a main generator on the island -but service is occasionally interrupted and when the power goes out **IT GOES OUT**...when the island is very busy sometimes the island's generator cannot cope with the spike of usage....one of the joys of being on a remote island with beachpaths and no transportation.

We do not have an emergency generator on the property - and make no apologies if the power goes out...this is all part of island life.... If your holiday is booked and it is to revolve around fresh water & power please do not think about making a booking on any of the 3 islands as services are not guaranteed...Gili Meno is very much grass roots with very little development.....this will not be your type of holiday...embrace simplicity as there are few places in this world that are easy to access...where you can still have a remote experience with out being too remote and that are still pretty basic.
